

# "THE MYSTERY OF MASTERY"

A CRUISE & SEMINAR WITH PEPPER LEWIS & GAIA

A 9-Day Journey of Discovery - June 25 thru July 3, 2010  
Experience the Classic Beauty of Venice & the Breathtaking Greek Isles

We found the most perfect place and time to explore the secret mysteries of the ancient world. Journey with Pepper and Gaia to where the sacred still inspires a desire for wisdom and mastery.

Long ago initiates of these mysteries were called Mystics. If you consider yourself a modern or practical mystic now, you may also have been initiated into the secret doctrines and traditions of the ancient world.

Today, as two worlds fold into one, it is once again time to join together to lead and light the way.

**With Gaia's assistance & the gift of channeling, we will discover the importance of:**

- The Living Mysteries of the Ancient World
- Modern mysticism and the progressive path of mastery
- The Restoration of the Initiate: Secret and Profound knowledge
- Developing a personal and planetary philosophy
- The closing of an era and the opening of the next: 2010-2012 and Beyond...

- Begins with a gathering in Venice before the cruise
- Visit the famous Santorini archipelago
- Timeless Mykonos island
- Combine this utterly unique event with the vacation of a lifetime!
